

## MONROE DOCTRINE

As Stated in Secretary Root's Speech  
May Cause

### SOME DIPLOMATIC INQUIRIES.

Germany Fast Colonizing Southern  
Brazil—United States May Secure a  
Coaling Station at Santa Calarina.

NEW YORK, April 30.—A special to the Herald from Washington says: Secretary Root's speech relative to the Monroe doctrine is likely to be productive of some diplomatic inquiries at the state department.

Herr von Hollenben, the German ambassador, is in New York and in his absence the under officials of the embassy are disinclined to talk for publication about the secretary's remarks. It is emphatically asserted that the embassy, however, that there is no intention on the part of Germany to forcibly enter the Western hemisphere.

Recognized the Monroe Doctrine. By the act of its representatives at The Hague, the German government recognized the Monroe doctrine, and it does not propose, according to the embassy official, to violate it.

It is said there are nearly a million German subjects in the southern part of Brazil. A private letter received from an American source near where the German colonists are established declares there is no truth in the report recently published that trouble was brewing between the Germans and the natives.

### Germany Not Ready for War.

Those close to Secretary Root say it is hardly likely that Germany, in the present undeveloped state of her navy, would like a crisis to be precipitated at this point. The secretary declined last night to discuss his speech, and he refuses to be seen.

The navy department has been paying attention to the colonization of southern Brazil by German subjects and it is understood Rear Admiral Bradford, chief of the bureau of equipment has considered the advisability of recommending that this government enter into negotiations with Brazil to establish a coaling station at Santa Calarina.

### DEWEY'S RECEPTION

At Chicago Indicated That the People  
Have Not Forgotten the Deeds of  
the Naval Hero—Be the Guest of  
the City for Three Days.

CHICAGO, April 30.—Amid the booming of cannon and the cheers of hundreds of people, Admiral George Dewey arrived in Chicago to-day. For the next three days he will be the guest of this city and the programme for his entertainment will take up nearly every moment of his time until his departure, Thursday morning, for Jacksonville, Ill. The special train bearing the admiral and Mrs. Dewey, Lieutenant Caldwell, his secretary, and Lieutenant Crawford, was met near South Chicago by a special train carrying the general executive committee of the Dewey celebration and including Mayor Harrison, President Charles A. Plamondon and the admiral's son, George Goodwin Dewey.

### Train Ahead of Time.

The admiral's train arrived at the Grand Central depot, Fifth avenue and Harrison street, six minutes ahead of schedule time, 11 o'clock. A strong platoon of police had been stationed at the platform gates for some time previous to the arrival of the special and the immense crowd which had congregated in the streets surrounding the station and had packed almost to suffocation the big depot itself, was not allowed to go inside the train shed. The moment the train slowly pulled into the shed, however, and the white mustached hero was seen, a roar of cheers went up from the fortunate ones inside the station and was quickly taken up by the thousands in the streets. Escorted by the members of the general executive committee, Admiral Dewey and Lieutenant Caldwell and Crawford proceeded down the long platform and mounted the steps leading to the driveway where carriages were in waiting. Even under the vigorous pressure of the police, the immense crowd would hardly yield enough room for the carriages, but cheered continually and pressed closer. The police finally succeeded in clearing the street and the party proceeded down Harrison street on route for the Auditorium annex, where apartments overlooking Lake Michigan had been reserved.

### Mrs. Dewey Takes a Rest.

Mrs. Dewey, who was somewhat fatigued from the long journey from Washington, did not accompany Admiral Dewey on his ride through the downtown streets, but accompanied by the special committee of the woman's reception committee, Mrs. Bryan Lathrop, Mrs. Carter H. Harrison and Mrs. Charles A. Plamondon, went direct to

## Weary Women

Rest and help for weary women are found in Lydia E. Pinkham's Vegetable Compound. It makes women strong and healthy to bear their burdens, and overcomes those ills to which women are subject because they are women.

Lydia E. Pinkham's Vegetable Compound

Is known from coast to coast. It has cured more sick women than any other medicine. Its friends are everywhere and they are constantly writing thankful letters which appear in this paper.

If you are puzzled write for Mrs. Pinkham's advice. Her address is Lynn, Mass. She will charge you nothing and she has restored a million women to health.

The annex, where she rested until the arrival of Admiral Dewey.

The route to the annex lay along Fifth avenue to Jackson boulevard, thence down Michigan avenue to the hotel. Along those streets for hours before the arrival of Admiral Dewey were gathered crowds that literally packed the sidewalks and that kept the police busy from filling the streets also and the cheering started at the depot swept along the streets as the admiral and his party were slowly driven to their apartments, the applause being almost without cessation until the admiral entered the hotel.

### Gave the Admiral's Salute.

As the party reached the corner of Jackson boulevard and Dearborn streets a signalman on the top of the Great Northern hotel wiggled that fact to a land battery stationed in the Chicago, Rock Island & Pacific railway yards and to the officers of the revenue cutter Morrill and United States steamship Michigan, out in the harbor. Instantly the land battery roared out the admiral's salute of seventeen guns, while the guns of the ships were fired in the twenty-one rounds of the naval salute. Arriving at the hotel Admiral Dewey proceeded at once to his apartments where, however, he was allowed to rest but briefly, for at 12:30 p. m., he was escorted to an informal breakfast given the admiral and Mrs. Dewey by the members of the woman's reception committee.

At 2:30 p. m., the admiral was given a reception by the Canadian-American Association, which presented an invitation to him to visit Canada at his pleasure. To-night's programme included an illumination of the lake front at 7:30 p. m., a reception to committee members at the Auditorium at 9 p. m., and the naval military and civic ball in the Auditorium at 10 p. m.

## DEATH OF MRS. WILSON

Deplored by the People of Matanzas to Whom She Had Become Endearred—Account of the Terrible Accident.

HAVANA, April 30.—Matanzas city is in mourning over the death of Mrs. Wilson, the wife of Major General James H. Wilson, military governor of the department of Matanzas and Santa Clara, who died Saturday afternoon last from the effects of burns received that morning by her dress catching fire from a match on which she had stepped. Mrs. Wilson had become endeared to all classes of the community and her death has brought forth expressions of sympathy not only from the residents of Matanzas, but from people throughout the island, who have telegraphed condolence and expressions of sympathy to General Wilson and his bereaved family.

It appears that Mrs. Wilson, accompanied by her daughter, was taking her daily drive, in a light wagon, when the accident occurred. About ten minutes after she had started it was discovered that her dress was on fire, and it was presumed that she had trod on a match which had ignited her clothing. The driver immediately stopped the vehicle, and with the aid of Mrs. Wilson's daughter did everything possible to extinguish the flames, but she was badly burned before this could be effected. Mrs. Wilson was then placed in a coach and taken home suffering terribly. General Wilson, who was at his office, was immediately notified and hastened to the side of his wife. The doctors who were summoned did all that was possible to relieve her sufferings and for a short time hopes were entertained that she would recover. The burns and resulting shock proved too much, however, and she expired after having suffered from 10:30 a. m. to 3:15 p. m.

The body of Mrs. Wilson has been embalmed, and General Wilson and his two daughters and his aides will accompany it north Tuesday, on board the United States transport Buford. The interment will take place at Wilmington, Del.

## DEATH OF JOSEPH MARSHALL

A Former Inhabitant of Wheeling Expires at Steubenville.

SPECIAL DISPATCH TO THE INTELLIGENCER. STEUBENVILLE, O., April 30.—Joseph Marshall, aged seventy-nine, who lived with his son, Joseph, at the "Backbone," north of this city, died very suddenly this morning of apoplexy. Mr. Marshall was in his usual health when he awoke at 4 a. m., and about 7 o'clock, as he was seated near the door of his cabin, he fell off on the ground and died before neighbors could carry him to his bed.

He came here from Martin's Ferry five years ago. He was born and lived nearly all his life in Wheeling, where his wife died in 1887. Among his surviving children are, George, of Wheeling, and Mrs. G. W. Truxal, of Mountaineer.

## HEAVY RAIN STORMS

Reported From All the Sections of Colorado.

DENVER, Col., April 30.—The rain storm of the last thirty-six hours in Denver and the surrounding country has been severe. Apprehensions are felt regarding the safety of Castlewood dam at the head of Cherry Creek, thirty miles from Denver. The dam holds back two billion gallons of water, and should it be lost it would cause great property damage and probably loss of life. Owing to an unfounded report that the dam had broken, ranchmen, dairymen and others living along the creek fled from their homes last night.

## Captain Hooper Expires.

OAKLAND, Cal., April 30.—Captain C. L. Hooper, of the United States marine service, is dead from a complication of disorders. He was stationed on this coast for many years and had commanded the cutters Corwin, Bear, Rush and other vessels. For several seasons he was in charge of the Bering sea fleet. He commanded the cutter McCulloch, in Manila bay after the victory of Admiral Dewey. He was a native of Massachusetts.

## Prominent Turfman Dies.

PASADENA, Cal., April 30.—Luther H. Titus prominent as a turfman and stock breeder, is dead at his home near this city. He was seventy-seven years of age, and had been ill for some time. He raised Direct, the crack racing stallion, and sold him when a colt to Monroes Salisbury. Each year Titus used to take a string to Saratoga and he came to be recognized as one of the leading racing men of the country.

## To Test the Holland.

NEW YORK, April 30.—To definitely determine the value of the submarine boat Holland for naval purposes, the navy department has directed that she be taken to the torpedo station at Newport, where she will be exhaustively tried.

## Two Years of Fighting.

SAN FRANCISCO, April 30.—The first battalion of the Fourteenth United States Infantry, which has been in quarantine, has landed at the reservation wharf on the Presidio, after two years of continuous fighting in the Philippines.

## UPSHUR REPUBLICANS

Nominate a Winning Ticket at the Convention Saturday.

SPECIAL DISPATCH TO THE INTELLIGENCER. BUCKHANNON, W. Va., April 30.—Uppur Republicans made it evident that they are determined that a vigorous campaign for Republican success shall be made this fall, when they polled 2,108 votes in the primary election, Saturday, the heaviest vote for years. The fight was warm for the office of sheriff and prosecuting attorney and heavy campaigning indulged in. A. M. Tenney, jr., who was considered the weakest man, landed the sheriffalty by a majority of 258 over H. B. Morgan and J. S. Douglass. W. B. Nutter was elected prosecuting attorney by a majority of 165, over Hon. W. B. Cutright and F. C. Pifer. The other nominees are W. D. Talbot, for house of delegates; John V. Tenney, surveyor; Miles Day, county commissioner; E. B. Latham and Jasper N. Shaw, assessors. There were twenty-two candidates for the seven offices, which caused the liveliest contest in years. Even the Democrats showed great interest in the primary and many of them voted for the first time the Republican ticket. The election has named the officers for Uppur county for the next four years, since the Republicans always elect these officers in the primary.

## Fleming-Ashcraft.

SPECIAL DISPATCH TO THE INTELLIGENCER. FAIRMONT, W. Va., April 30.—Miss Josie Granger Fleming, daughter of Mrs. Rosalie Fleming, and Mr. Marshall Elmore Ashcraft, were married this evening at the Methodist Protestant church, the pastor, Rev. A. E. Fletcher, performing the ceremony. The church was beautifully decorated with palms and other handsome plants. Mr. Glenn Barnes, an uncle of the bride, gave her hand in marriage. Her maid of honor was Miss Mabel Schinn. Mr. Thomas Ashcraft, a brother of the groom, was best man. A reception followed at the home of the bride. Later the couple left for a tour.

## Well Known Clubman Dead.

NEW YORK, April 29.—Harry S. Martindale, a well known club man and cross country rider, died at the New York hospital last night, aged thirty-five years, from the effects of an over dose of morphine. In November, 1898, he was thrown from his horse while riding in a hunt and his right leg so badly injured that amputation was necessary. Since that time his health has failed gradually.

## An Old Clerk Expires.

WASHINGTON, D. C., April 29.—General Allan Rutherford, clerk of the Maryland court of appeals, died here yesterday, of consumption, aged about sixty years. During General Grant's administration he was third auditor of the treasury.

## EXCELLENT RESULTS.

They Have Resulted in a Steady Gain of Popularity.

People Who Are Ever Ready to Recommend What Has Done Them Much Good.

Morrow's Kid-Ne-oide, the scientific kidney remedy and backache cure, is daily gaining favor in Wheeling. No medicine has ever been sold in Wheeling for kidney ailments, backache, nervousness, sleeplessness and general debility that has gained such popular favor as Morrow's Kid-Ne-oide.

We give you the experience of Mrs. C. W. Thirion, of No. 2312 Market street, who recommends Kid-Ne-oide as follows: "I have been a sufferer from disordered kidneys almost all my life, and was never able to get anything that would cure me. The doctors said my disease was constitutional kidney trouble, and that I would never be well again as my case was incurable. I suffered constantly with an aching pain across the small of my back, and the discharges of the kidney secretions were at times excessive and at other times very frequent, but scant, and attended with pain."

"I had about given up all hope of ever getting well, believing the doctors were right when they said my case was incurable, when I read about Morrow's Kid-Ne-oide, and where they had cured just such cases as mine. As all druggists guarantee them to cure or refund the money, I secured some, and began using them according to the directions. It was remarkable how quickly they gave me relief from the distressing pains across my back, and the other troubles as well. They are all the manufacturers claim for them, without any doubt."

Morrow's Kid-Ne-oide are not pills, but Yellow Tablets, and are put up in wooden boxes, which contain enough for about two weeks' treatment, and sell at fifty cents a box at all drug stores. A descriptive booklet will be mailed upon request by John Morrow & Co., Chemists, Springfield, Ohio.

## Rights of Wheelmen Defined.

Philadelphia Times: Naturally collisions occurred between wheelmen and pedestrians and between wheelmen and drays, and one of these cases, that of a boy who was knocked off his wheel and run over by a garbage wagon, found its way into court and by appeal to the court of last resort, which has just rendered a decision defining the legal rights of wheelmen in Pennsylvania. The decision of the supreme court in this case, handed down by Judge McCreary, is that the bicycle has the same rights on the highway given by law to any other vehicle. Wheelmen must keep to the right, and in doing so if run over by a cart or wagon are entitled to the protection of the law.

This is a sensible decision as well as sound law. While the bicycle is not so popular as at first, it has come to stay, and must be accorded its legitimate rights upon the highways. The old rule of the road, requiring all vehicles drawn by horses to keep to the right has been in force so long, that all drivers, sober and in their senses, obey it by force of habit. Its extension to the bicycle is, therefore, naturally easy and the most just solution of the new problem that can be furnished. No one will be compelled to acquire a new habit or conform to a new law.

## SORES and Ulcers

That old sore or ulcer, which has been a source of pain, worry and anxiety to you for five or ten years—maybe longer—doesn't heal because you are not using the proper treatment, but are trying to cure it with salves and washes. While these are soothing and relieve pain to some extent, no real, permanent good can come from their use, because the disease is in the blood and far beyond the reach of external applications.

A sore heals promptly when the blood is in good condition, but never if it is diseased. The tendency of these old sores and ulcers is to grow worse, spreading and eating deeper into the flesh. They are a constant drain upon the system, gradually but surely ruin the health and sap the very life. A person's capacity for work or pleasure is soon lost in the great desire and search for something to cure.

S. S. S. makes a rapid and permanent cure of old sores and ulcers, and is the only medicine that does, because no other can reach deep-seated blood troubles. Ordinary Sarsaparilla and potash mixtures are too weak and watery to overcome a deadly poison that has taken possession of the blood. Do not waste valuable time experimenting with them.

"Some years ago I was shot in the left leg, receiving what I considered only a slight wound. It developed into a running sore and gave me a great deal of pain. I was treated by many doctors, and took a number of blood remedies, but none did me any good. I had heard of S. S. S. and highly recommended it, and decided to give it a trial. The result was truly gratifying. S. S. S. seemed to get right at the trouble, and forced the poison out of my blood; soon afterwards the sore healed up and was cured sound and well. I now have perfect use of the leg, which was swollen and very stiff for a long time."

S. S. S. is the only purely vegetable blood purifier known; is made of roots and herbs of wonderful purifying properties, which no poison can resist. S. S. S. quickly and effectually clears the blood of all morbid, unhealthy humors, and the old, troublesome sores heal. At the same time the general health is invigorated and built up. When a little scratch or hurt fails to heal readily, you may be sure your blood is bad. S. S. S. will soon put it in order and keep it so.

Our Medical Department is in charge of experienced physicians, who have made blood diseases a life study. If you will write them about your case, they will gladly furnish all information or advice wanted, without any charge whatever. Address SWIFT SPECIFIC CO., ATLANTA, GA.
